Details

The Folio Elegance case will optimally protect the screen of your smartphone, especially from scratches. With its magnetic system with flap, opening and closing are as simple as instantaneous. In the closed position, the flap insulates and protects the screen, while in the open position, you will have direct access to the functions of your smartphone. Your camera's camera lens and flash remain visible, allowing you to take photos without having to remove the case. The latter can also be transformed into a support for your smartphone, with which you can easily view your photos and videos.

Characteristics:

- Magnetic closure
- Possibility to put your case in the stand position
- Possibility to make phone calls with the case closed
- Card holder slot
